Mr. William V. Cleveland

Dear Mr. Cleveland:

I was advised in a memorandum dated July 17, 1959, concerning the suggestion which you made with regard to a public relations matter and I want to thank you for submitting it. Your idea has been given very careful consideration and while it has considerable merit, other conflicting factors prevent its adoption at this time.

It is always gratifying when members of our supervisory staff come forward with ideas aimed at the improvement of Bureau procedures. Your efforts in this regard are very much appreciated.

Sincerely yours,

**SUGGESTED DOCUMENTARY FILM
ON COMMUNIST CAMPAIGNS
CENTRAL RESEARCH MATTER**

Suggestion # 4-60

Suggestion made by Mr. William V. Cleveland, of Liaison Section, that recent Central Research Section monograph contains wealth of material from which Bureau could promote documentary film dealing with communist campaigns. Similar documentary films have appeared on television in recent years with notable success. Film could be financed and produced by reputable and enterprising television production firm. After being shown on television, film could then be made available to universities and could also become part of training programs of U. S. agencies, including FBI. Film could serve as potent weapon in fight against communism.

RECOMMENDATIONS:

1. For the information of the Director.
2. That this memorandum be referred to the Planning Committee for due consideration.

Re:

Suggested Documentary Film on Communist Campaigns
Central Research Matter

APPENDUM:(CDD:ask):7-20-59:

The suggestion made by Mr. Cleveland is very worthwhile and should be considered at some time in the future. I recommend it not be considered further at this time, however, for two reasons. (1) We have indicated to the Department that we cannot engage in TV productions at this time. (2) To utilize the type TV programs as set forth in the attached memorandum would be to take away considerably from plans we have for some future date when the Director may consider it advisable to enter the television field. The Rosenberg case, among others, will be very important to us in any television series. It is, therefore, suggested that no further consideration be given to documentary films at this time dealing with communist campaigns. This should be considered, however, at some time in the future when objection #1, as mentioned above, has passed.

Memorandum to Mr. A. H. Belmont

Re: Suggested Documentary Film on Communist Campaigns
Central Research Matter

Mr. William V. Cleveland, of the Liaison Section, has suggested that the recently issued Central Research Section monograph entitled "Communist Propaganda in the United States, Part VIII, Campaigns" provides a wealth of material from which the Bureau could promote the preparation of a noteworthy documentary film on communist campaigns.

The monograph referred to, which was issued in June, 1959, was the eighth in a series of comprehensive studies on communist propaganda in the United States. The monograph was devoted in its entirety to the key role that campaigns play in promoting communist agitation and propaganda, the nature and purpose of communist campaigns, how they originate, their characteristics, and the benefits that the communist movement realizes from them. Four of the most celebrated campaigns waged by American communists during the past 40 years--Sacco-Vanzetti, Scottsboro, peace, and Rosenberg-Sobell--were analyzed in detail.

Mr. Cleveland expressed the belief that a film dealing with communist campaigns might be financed, written, and produced--with Bureau cooperation--by one of the more reputable and enterprising television production companies. After its initial showing on television, prints of the film could be purchased by some patriotic individual or organization for inclusion in the libraries of leading colleges and universities. The film could also be used in connection with the training programs of United States military and civilian agencies, as well as that of the FBI in its new Agents' and in-service classes and National Academy sessions.

Mr. Cleveland's suggestion has great merit. A documentary film on communist campaigns could very well be patterned along the lines of two eminently successful documentary films which have appeared on television within the past several years, namely, "Nightmare in Red," which depicted the birth of communism in Russia, and "The Twisted Cross," which portrayed the rise and fall of Adolf Hitler. Both of these films were produced by Henry S. Salomon, who died in 1958, as part of the National Broadcasting

Memorandum to Mr. A. H. Belmont

Re: Suggested Documentary Film on Communist Campaigns
Central Research Matter

Company's "Project 20" series on 20th century man. These two documentaries, composed of excerpts from news reels and film clips from other sources and with a running commentary, received wide acclaim by the public and critics alike for their graphic and penetrating presentation.

Undoubtedly a gold mine of authentic films could be unearthed to give a vivid pictorial account of any one of the four major campaigns conducted by American communists since 1919. Of these four principal campaigns, however, the Rosenberg-Sobell campaign, revolving about the "crime of the century," probably offers the greatest potentiality because of its contemporary and continuing nature and because it is a prime example of how American communists and, indeed, communists the world over have exploited this issue as a propaganda weapon against the United States. Since the Rosenberg-Sobell campaign began only eight years ago--in 1951--there should be no difficulty in securing sufficient film clips to illustrate all facets and phases of this spectacular campaign.

A film depicting the Rosenberg-Sobell campaign could lend itself to high drama, perhaps opening with the always awe-inspiring view of the first atomic bomb exploding. Typical film shots that could follow might include such episodes as the arrests of Klaus Fuchs in England, Harry Gold in Philadelphia, Julius and Ethel Rosenberg in New York City, and Morton Sobell in Laredo, Texas; the demonstration outside Sing Sing Prison at Christmastime following the Rosenbergs' conviction and incarceration; the round-the-clock picketing at the White House; the alleged intercession of the late Pope Pius XII; the demonstrating which took place in New York City, Washington, London, Paris, and other world capitals as the hour of execution drew near; the frantic last-minute appeals to the Supreme Court and President Eisenhower; the enormous funeral procession for the Rosenbergs; and so on.

It is realized, of course, that the Rosenberg-Sobell campaign brought forth allegations of anti-Semitism as a contributing factor to their

Memorandum to Mr. A. H. Belmont

**Re: Suggested Documentary Film on Communist Campaigns

convictions. But these allegations, made by communists to confuse the issue and to counter the infamy of the defendants' crimes, had no bearing on the verdict of the jury and their ultimate fate and should, for this reason, be completely ignored in any documentary film.

A documentary film of the Rosenberg-Sobell campaign would doubtless be as well received and generate as much interest and favorable comment as did "Nightmare in Red" and "The Twisted Cross." In view of the enormous size of the American television audience, such a film could be a powerful weapon in helping educate the American people as to the subversive use communists have made and are making of campaigns.

Mr. Cleveland celebrated his 10th Anniversary on 12-26-49. Since that time he was commended on two occasions and he received ten letters of censure. On 3-12-53 he was censured and placed on probation for failure to report to the Bureau a complaint made against him to the Arlington County Police Department for failure to secure Arlington County license tags for his automobile and for unnecessarily identifying himself as an agent of the Bureau to the police; removed from probation on 6-25-53. He is presently in Grade GS-15, \$13,670 and he was rated Excellent on his last performance rating.

The Director may desire to present Mr. Cleveland's letter and Key personally. If so, it is suggested that the presentation be made on Thursday, December 24, 1959, since Mr. Cleveland's anniversary is on a Saturday and Friday is Christmas Day. A suggested letter is attached.

This is the FBIRA annual report for the year 1959.
It is felt FBIRA had a most successful year.

Activities included two excursion trips to New York City; all-day outing at FBI Ranges, Quantico, Virginia; Ice Capades tickets obtained for discount; driving lessons (automobile) were secured for members at reduced rates.

Again this year the FBIRA Camp Show Troupe did a commendable job and gave numerous performances as in the past. Many letters praising this Troupe have been received in the Bureau for the work that this small group has been doing. The FBIRA Hostess Group provided entertainment for the sick, wounded and handicapped military personnel in the Washington area on approximately thirty occasions during the past year.

Numerous Baseball, Basketball, Bowling, Golf, Softball, Football and Tennis teams made up of several hundred employees had a very successful year. Trophies have been awarded to several teams for winning the league in the D. C. Recreation Department.

"The Investigator" was issued monthly to members and to members now in the military service. Muzak was again provided in various sections of both the Justice and Identification Buildings. All employees find it most conducive in the performance of their duties. During 1959, the FBIRA again published a discount book listing discounts offered by reputable concerns in the Washington area. This book is printed and paid for by the FBIRA. A monthly calendar was issued listing scheduled events in the Washington area and were distributed to each division for posting on bulletin boards.

The FBIRA hold a dance at the Sheraton-Park Hotel on November 21, 1959. A total of 1020 people attended this dance and a number of door prizes were given away. Music was provided by Vincent Lopez and his Orchestra. The dance was a huge success and enjoyed by all.

My memo to you February 3, 1960, reflected four overweight agents at Seat of Government and four at Washington Field and you asked for individual memos with permanent briefs.

SA Cleveland had his annual physical examination March 4, 1959, at U. S. Naval Hospital, Bethesda. He weighed 180 pounds. He is 5'8" tall with large frame. The doctor remarked that he was then over desirable weight and under maximum weight and suggested he reduce 1 - 1 1/2 pounds each month for the next year. Desirable weight range for this build and height is 152-165 with maximum weight 181 pounds. We have followed SA Cleveland's weight every 30 days since March 4, 1959, and the latest weight report dated January 29, 1960, disclosed that he weighed 176 3/4 pounds.

It might be noted that this agent has effected a very substantial weight reduction during recent years. In 1955, he weighed 218 pounds; in 1956 he had reduced to 208; to 200 in 1957 and to 186 in 1958. Although he still is not within the desirable weight limits, he is 1 1/4 pounds under the maximum limit.

He is 10 & 3/4 pounds over the desirable weight

RECOMMENDATION:

We will closely follow on this case to insure that SA Cleveland continue his weight reduction program.

Dear Sir:

For inclusion in the fund to be paid to the designated beneficiary of any Special Agent of the FBI who has previously contributed to this fund and who dies from any cause except self-destruction while employed as a Special Agent, I am forwarding herewith (by CHECK - MONEY ORDER) the sum of \$10, payable to the Assistant Director, Administrative Division, FBI, to be included in said fund. Payment will be made for death by self-destruction after the Agent has been a member of the fund for a continuous period of two years. It is understood and agreed that the sum tendered herewith is a voluntary, gratuitous contribution to said fund which I understand is to be administered in the following manner.

The Director of the FBI will appoint a committee which shall consider all matters pertaining to the acquisition, safe keeping and expending of said fund, which committee will recommend appropriate action to the Director in pertinent matters. The Assistant Director of the Administrative Division of the FBI shall receive all contributions and account for same to the Director. Upon the death of any Special Agent who is a member of said fund the appointed committee will consider the case and submit a recommendation to the Director as to its conclusions. Appropriate instructions will then be issued to the Assistant Director of the Administrative Division, directing him to pay to the designated beneficiary the sum of \$10,000. The liability of the fund shall not under any circumstances exceed the amount of monies in the fund at the time any liability shall occur. The following person is designated as my beneficiary for FBI Agents' Insurance Fund:

SUGGESTION #516-60
SUBMITTED BY SA WILLIAM V. CLEVELAND
DOMESTIC INTELLIGENCE DIVISION

SUGGESTION: That a uniform procedure be adopted by all Seat of Government Divisions in connection with the designation of carbon copies (CC's) for intra-Bureau memoranda. Proposes that Stenographers' Manual be amended to indicate that carbon copy notations should be shown on the original and all copies in the upper right-hand portion of Optional Form #10, directly under the printed word "Date," for individuals both inside and outside the division preparing the memorandum.

CURRENT PRACTICE: The Stenographers' Manual indicates "That the notations may be shown on the original and all copies at the lower margin of page one."

In view of the fact that the manual only makes it permissible to indicate copies in the lower left-hand corner there is a lack of uniformity among Seat of Government Divisions with regard to showing CCs designated for individuals within the division preparing the memorandum and outside of the division.

OBSERVATIONS: The Identification and Administrative Division agree that this suggestion should be adopted with the provision that "standard ticklers" need not be listed on the original of the memoranda.

The Training and Inspection, Files and Communications, Investigative, Laboratory, and Crime Records Divisions are opposed to adopting this suggestion because in many instances, there will be insufficient space at the top of the memorandum to include a lengthy title and extensive designation of copies to various officials. Frequently, this area is used for routing to various officials, not listed in the Director's block. A sufficient margin should be left at the bottom of the memorandum in order for the Records Branch to place their recording block and other necessary notations. By not having a portion of space at the bottom for notations and observations by the Director and other Bureau officials would be very undesirable.

Re: SUGGESTION #516-60
SUBMITTED BY SA WILLIAM V. CLEVELAND
DOMESTIC INTELLIGENCE DIVISION

The manual should be changed to indicate that all carbon copies must be noted on the original and all copies of memoranda in the lower left-hand corner of page one. By doing this, our procedure will be uniform and there will be no misinterpretation of the instructions.

RECOMMENDATIONS:

1. That this suggestion not be adopted. Mr. Cleveland has previously been thanked by letter for his proposal.

2. That the Stenographers' Manual be amended to reflect that copies must be noted on the original and all copies of the memorandum in the lower left-hand corner of page one. Upon approval, the Training and Inspection Division will consider this memorandum the necessary action to make the manual changes.

Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.

RE: WILLIAM V. CLEVELAND

PART I - GENERAL COMMENTS

Special Agent Cleveland makes an excellent appearance. He dresses in good taste and handles himself in a mature, effective manner. He has an excellent personality and has a knack of making good friends and contacts for the Bureau. Through his exceptional personality, he manages to handle personnel in fine fashion. Mr. Cleveland is fully conversant with all the Bureau's rules and regulations. He is intelligent, aggressive, and takes a good, logical approach to problems. This Agent recently celebrated his twentieth anniversary with the Bureau and the Director commented in connection with this anniversary relative to the many contributions Cleveland has made to the Bureau, with particular note being made of his ability to handle varied responsibilities. The Director further pointed up the loyalty and devotion to duty that has continuously been evidenced by this Agent.

The latter is particularly brought out in Mr. Cleveland's recent weight reduction program. Through a concentrated effort on the part of Mr. Cleveland, he has brought his weight down to 168 pounds, which is within the desirable range for him. This was no easy task, but Mr. Cleveland realized it had to be done and he did it.

Mr. Cleveland takes a very keen interest in his work and he has over a period of years offered many suggestions for the benefit of the Bureau. This is demonstrated by a suggestion he made by memorandum dated July 17, 1959, relative to public relations matters. The Director commented by letter dated July 29, 1959, that he was grateful that Mr. Cleveland submitted this suggestion and he was gratified that members of the supervisory staff were offering suggestions to aid the Bureau. He submitted another suggestion by memorandum dated March 11, 1960, in connection with a uniform procedure for carbon copies on intra-Bureau memoranda. This suggestion was adopted and Mr. Cleveland was thanked by the Director for submitting it. This is a clear indication of the interest of this Agent in his work.

GENERAL COMMENTS (CONTINUED)

RE: WILLIAM V. CLEVELAND

In Mr. Cleveland's present assignment he takes an active part in all of the administrative operations of the Liaison Section. He has previously had extensive experience both in the field and at the Seat of Government. He has served as Assistant Special Agent in Charge in two offices and has had various supervisory duties in the Domestic Intelligence Division. He is completely available for any assignment the Bureau desires to give him. There are absolutely no disqualifying conditions existing which would preclude Mr. Cleveland from serving in any type of assignment for the Bureau. I feel that Mr. Cleveland could adequately handle any assignment given to him by the Bureau.

Dr. Ernst Brückner
Governmental Criminal Director

Bad Godesberg, April 13, 1960
Friedrich-Ebert-Strasse 1

My highly esteemed Mr. Hoover:

I have returned from my long journey just a week ago, and I feel compelled to express once again from my heart in this form thanks for the kindness which you showed to me.

Our last conversation was also of immeasurable value to me. I am very conscious, however, of the high honor with which you distinguished me by your solicitous treatment. The photograph taken of us is hanging in my office. I am very proud to be able to show it to my visitors.

During my entire trip, gentlemen of your Bureau took care of me most attentively. I had the continuous feeling of being cared for by friends. Wherever I went, your men treated me not like a stranger, but received me like a friend. That pleased me very much. I am going to thank these gentlemen in separate letters.

May I ask you, however, my esteemed Mr. Hoover, to thank in my name most cordially Messrs. Frohbose, Cleveland, and Potoaki for their solicitous care, and Messrs. Belmont and Baumgardner for the stimulating and informative conversation.

To my best wishes for your well-being and for further successful work in the service of your country I join my most respectful greetings

Your

/s/ Ernst Brückner

In May, 1958, and May, 1959, the writer advised you that he had been elected Lay Leader by the Quarterly Conference of the Alexandria District of the Methodist Church.

This is to advise that at a meeting of the Quarterly Conference of the Alexandria District on the evening of 4-25-60, at the Central Methodist Church, Arlington, Virginia, the writer was re-elected as Lay Leader to serve for the church year commencing June 1, 1960. As was the case for the last two years, the writer carefully explained that it would not be possible to be present at all meetings in the District, and that at others the writer would be late arriving due to work commitments.

This is to advise that the Director's Liaison Party at the Mayflower Hotel last night was well attended and from comments overheard by many of those in attendance, it was quite successful.

W. V. CLEVELAND

Of 324 invited, 258 accepted. A few of those who had accepted were unable to come at the last minute. Guests and Bureau officials alike were impressed with the graciousness of the Director in meeting and spending time with practically everyone in attendance.

The arrangements for this party were made by Supervisor Joseph M. Fitzgerald. He was most thorough in making arrangements for this party and was most careful to see to it that everything was in good order. It is believed that the care and thoroughness he used in making these arrangements resulted in a very smooth-functioning party.

All Bureau officials and members of the Liaison Section who attended this party assisted throughout the evening in seeing to it that the guests were properly received, thereby adding greatly to the success of the party.

RECOMMENDATION:

It is recommended that Supervisor Joseph M. Fitzgerald be commended for his fine work in arranging and organizing the Director's Liaison Party. There is attached a suggested letter to Mr. C. J. Mack, General Manager of the Mayflower Hotel, who was extremely helpful in connection with arrangements for this party.

ASSISTANT DIRECTOR A. H. BELMONT:

Mr. Cleveland has been assigned as Number One Man to the Section Chief of the Liaison Section since 10/21/58. Since he has been in the Domestic Intelligence Division since September, 1951, he has extensive experience in security work which is indispensable in the administration of the Liaison Section. An exceptionally versatile and imaginative Agent, he handles a large volume of correspondence and memoranda that come in and go out of the Liaison Section.

Mr. Cleveland is directly responsible for the supervision of our nine foreign liaison offices and in connection with this work, he has shown excellent judgment, enthusiasm, and initiative. During the past months it was necessary to withdraw our personnel from Havana and this was done in an orderly manner mainly due to his capable direction. Because the Section Chief is often obliged to be away from his office, Cleveland substitutes and directs the operations of these Liaison Section on those occasions. This he has done in a very effective and competent manner. Judging from his performance, Cleveland is especially noted for his ability to make decisions calmly and promptly. His loyalty to the Bureau is outstanding, and his attitude and enthusiasm are of the highest. He is available for and capable of administrative advancement.

RATING: EXCELLENT

continually maintains their respect with fair and competent decisions. He is an experienced administrator, is very conversant with section as well as division-wide policies and is well fortified with background and historical information on the many operations of the Liaison Section. He runs a smooth and well-informed office. He very capably handles the operations of the section in the absence of the Section Chief. He is interested in and available for administrative advancement and his potential is considered excellent. He is within satisfactory weight limits and has equally shared the work load in the division.

The following recommendations are being submitted with reference to the establishment of the Special Investigative Division:

1. Front office space for the new division will be set up with the reception room in 4746. The Assistant Director's office will be adjoining in room 4651 and the Number One Man in the other adjoining room, 4744. Necessary arrangements are being made with the Administrative Division for repainting and furnishing this space.

2. It is recommended that Charles H. Stanley be designated Number One Man in the new division. Stanley is presently Chief of the Employees Security Section. He has also handled the Special Inquiry Section and he has regularly substituted on the desk of the Number One Man in the Investigative Division.

Stanley is a veteran Bureau Agent and administrator. He entered on duty June 26, 1939, and after extensive field experience was designated Assistant Special Agent in Charge at Little Rock on January 16, 1946. He was transferred to the Bureau on August 2, 1947, and has served in supervisory and executive capacities in both the Domestic Intelligence and Investigative Divisions. He is presently in Grade GS-16, having been reallocated to this grade on July 10, 1960. Stanley's career in the Bureau is outstanding and he is eminently qualified to be Number One Man in the new division.

3. As a replacement for Stanley as Section Chief, it is recommended that William V. Cleveland, who is presently Number One Man in the Liaison Section of the Domestic Intelligence Division, be designated. Cleveland entered on duty as a messenger in the

Bureau on December 26, 1939. He was appointed Special Agent on July 6, 1942. He has served as Assistant Special Agent in Charge at both Norfolk and Indianapolis. He has also had extensive experience at the Seat of Government where he has been assigned on two occasions. He has now been in the Domestic Intelligence Division continuously since September 22, 1951. Cleveland's extensive experience in the security field makes him well qualified to handle supervision of loyalty and special inquiry type investigations. Previous performance ratings reflect that he is an exceptionally capable administrator and is available for and capable of administrative advancement.

4. At the present time special inquiry investigations and loyalty matters are being handled by one section chief assisted by two Number One Men. We have been endeavoring to handle these matters with a single section chief although, prior to the resignation of Inspector Callan who was chief of the Special Inquiry Section last year, the sections were separate and distinct units. With the increase of special inquiry investigations for the new administration, we now have a total of 46 supervisors handling these cases. This is too large a number for a single section. The facts are being determined as to the continued nature of this work load and a separate memorandum will be submitted as to the designation of another section chief.

The following is a brief summary of Mr. Cleveland's record for the Director's use.

Mr. Cleveland entered on duty in a clerical capacity 12-26-39, and was appointed a Special Agent on 7-6-42. He subsequently served at New York, Newark and Norfolk before being designated ASAC* on 11-19-45. He was transferred to the Security Division on 5-31-47 and served there until 5-25-49 when he was designated ASAC at Indianapolis. He returned to the Domestic Intelligence Division on 9-22-51 and was assigned to that division until 2-17-61 when he was transferred to the Special Investigative Division as Section Chief of the Employees Security Section. He is married and has 2 children.

Since January, 1960, he has been COMMENDED on two occasions, the last being on 1-19-61 for the effective manner in which he carried out his responsibilities as a member of the Board of Directors for the FBIRA during 1960. He was last CENSURED on 1-3-58 for errors that had been discovered in official correspondence reviewed and approved by him. On 2-1-60 he was THANKED for his suggestion with regard to a certain procedure being established relative to designations of carbon copies of intra-Bureau memoranda.

Memorandum dated 2-8-60 reflected he weighed 176 3/4 pounds on 1-29-60. It was recommended that his weight be continued to be followed. In this regard Mr. Tolson noted "He will have to get within the desirable weight range". The Director noted "I concur. He has only lost 3 1/4 lbs. since last March. That is negligible. As an official here he must get down to desirable weight which is 166 lbs under new table". He was removed from the overweight list on 4-13-60.

On 3-31-60 Mr. Belmont rated him EXCELLENT and advised that he was Number One Man to the Section Chief of the Liaison Section of the Domestic Intelligence Division. He took an active part in all of the administrative operations of the Liaison Section and it was felt that he could adequately handle any assignment given to him by the Bureau. He was interested in, available for and considered qualified for administrative advancement with outstanding qualifications. 67-134975-286

During the Inspection of the Domestic Intelligence Division in November, 1960, Inspector E. C. Williams stated he had an excellent appearance and personality. He was an experienced administrator, was very conversant with section as well as division-wide policies and was well

fortified with background and historical information on the many operations of the Liaison Section.

On 12-23-60 the Director CONGRATULATED him on his Twenty-First Anniversary with the Bureau.

His daily average overtime for the last six months as compared with the division average is as follows:

	SA Cleveland	Division Average
August, 1960	2'21"	2'28"
September, 1960	2'39"	2'30"
October, 1960	2'21"	2'42"
November, 1960	2'52"	2'26"
December, 1960	2'37"	2'13"
January, 1961	2'58"	2'33"
Six Month Average	2'38"	2'29"

This reflects that he was over the division average in 4 of the last 6 months.

His Office of Preference since January, 1960, is the Seat of Government.

In his position as Section Chief of the Employees Security Section, Mr. Cleveland will supervise the handling of loyalty and special inquiry type investigations. There are 46 Special Agent Supervisors presently handling these cases.

On March 1, 1961, I saw Special Agent William V. Cleveland, who had been designated to the Special Investigative Division as Section Chief in charge of the Employees Security Section. PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee William V. ClevelandTitle Special AgentRating Period: from 4/1/60 to 3/31/61

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

- Rate items as follows:
- + Outstanding (exceeding excellent and deserving of special commendation).
 - E Excellent
 - ✓ Satisfactory (good or very good).
 - Unsatisfactory.
 - 0 No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

1. "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 - B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

RE: WILLIAM V. CLEVELAND
SPECIAL AGENT
GS-15, \$15,030

PART ONE - GENERAL COMMENTS

Mr. Cleveland is an exceptionally versatile and imaginative person who is ideally qualified as an administrator and instructor. Because of his many years of experience in handling a variety of administrative responsibilities, he is able to handle a large volume of correspondence and memoranda on complicated and sensitive matters.

He has an outstanding personality, makes friends easily, and has the marked ability of inspiring loyalty and good will among his fellow employees. His personal appearance is always impeccable. SA Cleveland always enthusiastically and consistently shares the workload. His weight is presently within desirable limits. He has no physical limitations and is available for advancement in the Bureau.

Mr. Cleveland was assigned as Number One Man in the Liaison Section until 2/17/61, when he was designated Section Chief of the Employees Security - Special Inquiry Section, Special Investigative Division. During the time that he served as Number One Man in the Liaison Section, he was directly responsible for the supervision of our foreign liaison offices. In connection with this work, he demonstrated outstanding judgment and initiative. During recent months it was necessary to withdraw our personnel from Havana. This was done in an orderly manner mainly due to his capable direction. Cleveland has also directed the operations of the Liaison Section during the absence of the Section Chief. This he has done in a very competent and effective manner.

On 1/19/61, SA Cleveland was commended for the effective manner in which he carried out his responsibilities as a member of the Board of Directors for the FBIRA during 1960. He was again commended on 12/2/60 for the contributions he made in connection with the successful 1960 Liaison Reception.

Cleveland is especially noted for his ability to make decisions promptly and calmly. His loyalty to the Bureau is outstanding and his attitude and enthusiasm for his work are of the highest. The Director saw Cleveland on 3/20/61 and commented that he was a mature individual and seems to be intensely interested in his work.

Mr. William V. Cleveland
Federal Bureau of Investigation

Dear Mr. Cleveland:

My attention has been directed to the number of Special Inquiry cases in which there were delays in the recent past in completing investigation and sending out summary reports. Although a large volume of cases in this classification has been received, the delays are sources of possible criticism and embarrassment and you have not discharged your responsibilities as Section Chief with sufficient aggressiveness.

As you are aware, such cases must be afforded the highest priority, and it will be necessary for you to make certain that in the future similar delays are avoided and the Bureau's interests are more adequately secured.

SUBJECT: SPECIAL INQUIRY INVESTIGATIONS

REC-13 SPECIAL INVESTIGATIVE DIV.

At Mr. Tolson's request, we have reviewed in detail, eleven special inquiry cases in which there was a delay in completing the investigation and getting the summary report out. There is attached a detailed memorandum incorporating an analysis of these cases.

Cleveland, W. V.

The basic problem in this instance was occasioned by a large number of requests received from the White House, Cabinet officers and Congressional committees in February. In this connection, we sent out 143 summaries in March as contrasted to 83 in February. Some of the delays were occasioned by the necessity for expediting certain cases in which the White House expressed a request for most expedite attention.

Nevertheless, these delays should not have occurred and the attached detailed analysis in summary reflects the following:

(1) Of the eleven cases, four were requests from Congressional committees, two from the Department of State and five from the White House. Of the latter five, four involved clerical employees who had been working since inauguration day.

(2) In ten instances, the field failed to complete the thorough investigation required by the deadline date. Of these instances, seven occurred in the Washington Field Office, two in Boston and one in Chicago. These delays occurred even though the cases were closely followed by the supervisors at the SOG.

(3) The detailed reports submitted by the field are reviewed at the SOG and a summary written. These summaries go out in printed form and have to be letter perfect. Many of these cases are involved and

require the preparation of extensive summaries predicated on voluminous investigative reports incorporating derogatory data.

There are four instances in which there was an unwarranted delay in getting out these summaries. Two of these were assigned to Supervisor [redacted], and two to Supervisor [redacted]

b6
b7c

We have taken action to expedite all of the special inquiry cases we currently have on hand. In six of these cases there appears unwarranted delays may have occurred. The facts are being ascertained and appropriate recommendations will be made when these summaries are submitted.

RECOMMENDED ACTION

In the eleven cases wherein the summaries have already been sent out, it is recommended that the following action be taken:

(1) Letters of ^{✓ Knoxville} censure should be directed ^{by name} to the SACs, Washington Field, Boston and Chicago for the failure of these offices to complete the thorough investigation required in these cases by the deadline date. The SACs in these offices are being requested to furnish explanations from the individual Agents and supervisors responsible and appropriate recommendations will be made with reference to these personnel on receipt of these explanations.

Callahan - work this part out with Evans

(2) Supervisors [redacted] and [redacted] are each responsible for delays in two cases. Both are temporarily assigned to the SOG from Washington Field. It is recommended each receive a letter of censure and be immediately relieved of supervisory duties and return to Washington Field Office.

(3) Direct responsibility for the supervision of the special inquiry section is that of Section Chief W. V. Cleveland who assumed this position on February 20, 1961. Cleveland has taken over his new responsibilities with enthusiasm and vigor and his over-all direction of the section has been effective. Nevertheless, he is responsible for the above-noted delays that occurred in his section and it is accordingly recommended that he receive a letter of censure.

Memorandum to Mr. Parsons
Re: Special Inquiry Investigations

(4) We should reiterate to all SACs the need for prompt and thorough handling of all special inquiry cases and there is attached an SAC Letter to this effect.

SUBJECT: VOLUNTARY WORK OVER HOLIDAY WEEK END
 Employees Security and Special Inquiry Section
 SPECIAL INVESTIGATIVE DIVISION

On Thursday, June 29, 1961, all supervisors in this Section were advised that a large number of cases were coming due for the White House on June 29 and 30. As a result they were told it would be necessary to spread these cases out among all personnel of the Section, including those who are not assigned to Special Inquiry matters. They were further advised that it would not be possible to wait until after the holiday week end before commencing work on these cases. At the same time, stenographers and key clerical personnel were advised that volunteers would be needed to work during the holiday week end to get these cases moving.

There is set forth below a list of stenographers and other clerical employees who worked a total of 106 hours and 12 minutes over the week end. Those designated with an asterisk worked on both Saturday and Sunday.

There is also set forth below a list of supervisors who worked a total of 114 hours and 19 minutes overtime over the week end.

The above is indicative of the fine spirit and attitude that employees of this Section have shown whenever called upon to get a particular job done. It is this same fine attitude that has enabled us to ^{considerably} reduce the over-all time that it takes to get summaries to the White House.

If approved, this memorandum should be forwarded to the Administrative Division for the preparation of an appropriate letter to you as Assistant Director of this Division commending the employees set forth above for their fine attitude in working during a holiday week end. Copies of this memorandum should be placed in each of their personnel files for record purposes.

SA [redacted] is Supervisor in Charge of the Departmental Applicant Unit in the Employees Security and Special Inquiry Section of the Special Investigative Division. SA [redacted] has been assigned to this unit since December 5, 1960, on special assignment from the Washington Field Office. SA [redacted] has been assigned to this unit since February 20, 1961.

By letter dated October 3, 1961, Assistant Deputy Attorney General [redacted] advised the Director that the Bureau's investigations in connection with Federal judgeships had been uniformly prompt and thorough. [redacted] commented on the fact that in connection with many of these investigations it was necessary to request that they be completed within a very short period of time to permit consideration by the Senate before adjournment. Notwithstanding this, thorough investigations were conducted and completed in the period requested. [redacted] stated that the splendid cooperation received in connection with these investigations had been outstanding.

SA [redacted] as Supervisor in Charge of this unit, together with SAs [redacted] and [redacted] has handled the bulk of these Federal judgeship cases. They reacted in splendid fashion to tremendous pressures brought to bear in connection with getting these cases handled very fast, and at the same time they refused to be stampeded into allowing these cases to go out before a complete and thorough investigation had been conducted. They worked nights, weekends and holidays in many instances to get the job done.

Supervisor [], [] and [] have done outstanding work on these important cases. Section Chief W. V. It is, therefore, believed that Section Chief Cleveland also be commended.

By letter dated April 18, 1961, Cleveland's attention was called to some delays in connection with certain Special Inquiry cases. The Director pointed out Special Inquiry cases must be afforded the highest priority. Through Assistant Director Evans, Cleveland was commended by letter dated July 11, 1961, along with other personnel in the Special Investigative Division for the fine spirit and cooperation displayed in voluntarily working a holiday weekend. MOVE TO FIRST FLOOR*W. V. CLEVELAND*

We have just completed our move to the first floor of the Justice Building from our previous quarters on the fourth floor of the Justice Building and the Old Post Office Building. The major part of this move was made on Saturday, August 12, 1961. I was impressed with the wholehearted manner in which all of the personnel of this Division participated in this move. The supervisors as well as the clerical employees displayed a very cooperative and commendable attitude in effecting the move.

This move, of course, required considerable advance planning in order that the move could be carried out with a minimum of problems. The major part of the extensive planning was handled by Supervisor [] of the Employees Security and Special Inquiry Section, whose administrative ability, particularly with reference to detailed planning, was clearly demonstrated. [] was assisted by Supervisor [] also of the Employees Security and Special Inquiry Section. Both of these supervisors spent many hours of their own time in drawing up the detailed plans in connection with the placement of our various units in our new quarters. In addition, both of these men were present during the actual physical move, spending many hours on Saturday and evenings.

In connection with the planning and effecting of the move, I would also like to note that [] and [] clerical employees, assisted appreciably during the planning stages and voluntarily put in several hours during the actual physical move.

In addition to the above, the following supervisors voluntarily reported for duty on Saturday, August 12, and during the evenings following in order to actively participate in the actual move of the Special Investigative Division to its new quarters.

OVER.....

January 4, 1962

I certainly agree with the recommendations of Mr. Harris and wish to make the following observations and recommendations:

I sincerely feel that this was a banner year for the FBIRA and attribute its success primarily to the extraordinary efforts of SA Carl A. Harris, our Activity Promoter. He was an indefatigable worker. His entire performance was marked by a determination to provide more employees with more activities and services than ever before at a minimum cost with the highest possible quality. He was always willing, aggressive, and enterprising and was an outstanding idea man who in my opinion was one of the most capable and successful Activity Promoters the FBIRA has ever had.

RECOMMENDATIONS:

1. That Mr. Harris be commended for the outstanding job he did as Activity Promoter during 1961.

2. That the following officers of the FBIRA also be commended for the contributions made by them to the success of the organization during the year: Donald E. Moore, Vice-President; [redacted] Assistant Activity Promoter; Raymond C. Renneberger, Treasurer; Chester L. Rogers, Assistant Treasurer; [redacted] Roy K. Moore, Jamie S. Johnson, and William V. Cleveland, members of the Board of Directors; and [redacted] Secretary.

MEMBERSHIP

During 1961 13,749 employees were members of the FBIRA. Thirteen thousand one hundred seven joined at the full rate of \$1.50 and 642 employees purchased \$.75 memberships. Latter covered the six-month period from 7/1 through 12/31/61.

TICKET PURCHASES

In January, 1961, 1200 seats and 1,375 programs were sold to FBIRA members for Inaugural Parade. In the same month over 1,000 tickets were purchased at a discount for the Ice Capades at a savings of \$674. In March, 1961, 350 tickets were purchased at discount for Ringling Brothers and Barnum and Bailey Circus resulting in a savings of \$300. Also in March, 143 tickets were obtained for the Flower Show at a savings of \$72.50. A Session with Charles Laughton, professional tennis matches and the Shrine Circus were featured in April, 1961, with 25, 35 and 100 tickets for each being purchased at a savings of \$18.75, \$17.50 and \$55 respectively. In May, 1961, over \$2,000 in tickets were obtained for The Music Man, starring Forrest Tucker, which played a limited engagement at the National Theatre 6/12 through 9/2/61. In June, 1961, through special arrangements, 374 tickets were obtained to the Lawrence Welk performance at a savings of \$187. Two hundred tickets to the movie, West Side Story, were obtained in November, 1961, at a savings of approximately \$80, and in December, 1961, 290 tickets were purchased for the Hollywood extravaganza, King of Kings, at a savings of approximately \$116. Total savings in discount tickets exceeded \$1,500.

EXCURSIONS AND TRAVEL

The FBIRA spring excursion to New York City occurred on April 28th, 29th and 30th, 1961. One hundred fifteen persons participated at a cost of \$38.50 each. In addition to round trip transportation by chartered bus and two nights at the Wellington Hotel, the tour included a beef dinner at the Wellington, tickets to Broadway plays of Mary, Mary, My Fair Lady or Do Re Mi. NBC radio and television tour or Circle Line Cruise around Manhattan Island.

The FBIRA New York Fall Tour was held over the week end of September 22, 23 and 24, 1961. Eighty FBIRA members and their friends participated. Travel arrangements were handled by National Trailways Bus System. Accommodations were obtained at the Warwick Hotel and we were able to provide several extra features and still offer the trip at \$3 per person less than the Spring Tour. This was possible because National Trailways does not operate on a commission basis. The extra features included a tour of the United Nations, Radio City Music Hall and better seats for Fiorello or Mary, Mary. Additionally, tickets were obtained to the Broadway play, Camelot, for Friday night at an extra charge of \$8.05. Fifty such tickets were sold for that performance.

In June, 1961, the Philadelphia Office sponsored a one-day tour of Washington and chartered a Greyhound bus for this purpose. The Philadelphia group consisted of 30 FBI employees, their friends and families. Arrangements were made for the group to tour the White House, National Gallery of Art, House of Representatives and Bureau facilities. While here, each member of the group met the Director.

The highlight of the 1961 year was a very successful 15-day trip to Hawaii with stopovers at Los Angeles and San Francisco, California. Fifty-four Bureau employees and their relatives took trip in a chartered plane. The group departed Washington, D. C., 10/20/61 stopping at St. Louis to pick up five passengers. Two other passengers joined the tour at Los Angeles for two extensive tours of the city, Hollywood, Beverly Hills and other points of interest, including a day at Disneyland and Knott's Berry Farm. Four days were spent at the sumptuous Hawaiian Village Hotel at Honolulu prior to a visit to the outer islands of Hawaii, Maui and Kauai. The group returned to Honolulu on the evening of 10/31 and immediately enplaned for San Francisco. It remained in San Francisco for two days before returning to Washington, D. C., 11/3/61.

HOSTESS GROUP

During 1961 the FBIRA Hostess Group met twice monthly to visit local service hospitals under a program sponsored by the American Red Cross. Their mission was to entertain and boost the morale of service veterans who might otherwise be isolated from outside life. All members of the Hostess Group are assigned to the various divisions at the Seat of Government and they have all received specialized training at the local Red Cross Chapter House which specifically qualifies them to serve as hostesses at dances and parties for hospitalized veterans. The group received many letters from Walter Reed, Andrews Air Force Base, Fort Belvoir and D. C. General Hospitals thanking them for their untiring efforts.

QUANTICO PICNIC AND FIELD DAY

The annual Quantico Picnic and Field Day was held on Saturday 6/3/61. Approximately 5,000 employees, relatives and friends were in attendance. There were games and races for the children, a firearms demonstration by the range instructors and, as an added attraction this year, we arranged for the Marine Drum and Bugle Corps and Crack Drill Team to present a unique demonstration in precision and harmony. One of the most talked about events was the surprise appearance of a low flying jet airplane which had been previously piloted by the Marine astronaut in reaching a speed twice that of sound. The whole affair, without question was an outstanding success.

MUZAK

Muzak continued to be provided for the Identification Building, Records Section of the Files and Communications Division, Health Service in both the Ident and Justice Buildings and the Mechanical Section located in the basement of the Justice Building. In addition, Muzak was obtained for areas of the Washington Field Office located in the Old Post Office.

DANCE

The FBIRA Annual Fall Dance was held Saturday 12/2/61 in the Grand Ballroom in the Mayflower Hotel and approximately 600 employees and their friends or relatives attended. Carmen G. Campagnoli provided the music. During intermission those present were entertained by a "Sing Along" group led by SA's John W. O'Beirne, Harold K. Light and Nelson A. Watson. Numerous door prizes were given and the entire affair was enthusiastically received. Tickets were sold for \$1.50 per person.

MAGAZINE SUBSCRIPTIONS

Additional magazine subscriptions were obtained for recreational areas in the Identification, Justice and Riddell Buildings as well as the Washington Field Office. Additional racks to house these magazines were also procured. Arrangements were also made for FBIRA members to purchase magazines at discount rates.

INJURY EQUIPMENT AND TELEVISION SETS

During 1961 FBIRA purchased a pair of crutches for the Health Service to be loaned to Bureau employees in need of such equipment. During the year, five television sets and one transistor radio were made available to 113 hospitalized employees. This program has been a great morale booster for the sick and has expanded considerably over previous years. In certain hospitals where outside television sets were not permitted, the FBIRA bore the rental expense of such equipment from the hospital.

POSSIBLE CLUB

Fourteen male employees qualified for membership in the FBIRA sponsored Possible Club during 1961 by firing a perfect score on the practical pistol course at the FBI Academy at Quantico, Virginia.

PISTOL CLUB

The FBIRA sponsored Pistol Club for nonagent personnel was re-activated in March, 1961, and the response to this activity has been overwhelming. More than 250 employees have participated on a schedule which permits them to fire on the indoor range once every two weeks. Twenty-two caliber pistols are supplied by the FBIRA and ammunition is obtained at wholesale prices through Training and Inspection Division. Firearms instructors from FBI Academy at Quantico have been assisted by a qualified Bureau firearms expert in order to afford maximum range safety and to provide as much individual guidance as possible. During the summer months, operations of the Pistol Club were suspended because of the warm weather and vacation schedules. The club commenced firing again in October, 1961. Each group meets from 6 until 8:30 p.m. at the FBI indoor pistol range in the Justice Building.

NUMISMATIC CLUB

In August, 1961, a Numismatic Club was formed to accommodate FBIRA members interested in the science of coins, paper money, tokens and medals. There are about 35 members who meet monthly. Outside speakers have been obtained and other interesting programs have been planned.

CHESS CLUB

During November, 1961, a flyer was printed announcing the formation of a Chess Club provided a sufficient number of employees indicated interest in such an activity. The initial response included 26 FBIRA members and the first meeting was held 12/7/61. [redacted] Files and Communications Division, was elected President. Future plans and method of operation were discussed and the club hopes to fully organize during January, 1962. b6 b7C

SKIN DIVING CLUB

During March, 1961, a survey was conducted to determine if there was sufficient interest among certified skin divers in the FBI to justify a Skin Diving Club under the sponsorship of the FBIRA. The survey disclosed that we have eleven qualified employees who were interested. Two hundred additional employees wanted to join the club but had little or no instruction in skin diving. During the survey, it was made clear that should such a club be organized, instructions would not be provided.

The eleven employees qualified and interested met with SA [redacted] [redacted] who is a certified skin diver, in order that the practicability of forming such a club could be further discussed. It was agreed that a club would be premature at this time but that the eleven should band together on an informal basis in order to arrange for skin diving activities if the group so desired.

FBIRA HONORARY LIFE MEMBERSHIP

During 1961 the FBIRA presented honorary FBIRA life membership cards to four SA's who completed 35 years of Bureau service. The employees are Glen A. Paulson, Edward J. Armbruster, William A. Temple (deceased), and James L. Flood.

INTEROFFICE FIREARMS COMPETITION

The Anchorage field division won the annual interoffice firearms competition for the second straight year. Results of this competition were computed from practical pistol course scores fired by SA personnel during the third outdoor firearms period. The Anchorage Division will retain "The J. Edgar Hoover Firearms Trophy" during 1962 having obtained an average of 97.36.

The 5,551 SA's participating had an over-all average of 90.66, more than a percentage point over last year's average. All but nine field divisions topped their 1960 average even though in some instances their relative standing may have decreased numerically. The interest and enthusiasm of the SA personnel throughout the FBI toward this competition have been most gratifying. Should the Anchorage Division win again next year, it will retain permanent possession of the trophy.

DISCOUNT BOOK

Arrangements were made for the publication of a new discount book listing discounts by reputable retail and wholesale concerns. This was done as a service to members of the FBIRA and a strict policy of nonsolicitation was followed.

COOPERATIVE FUNCTIONS

The FBIRA Activity Promoter served as a co-ordinator for all recreational activities held by various divisions at the Seat of Government and maintained a calendar of scheduled affairs, an inventory of sports equipment available and assisted any division which desired aid in getting facilities or space for programs. The FBIRA also compiled and distributed monthly "Calendar of Events" setting forth activities of the FBIRA, D. C. Recreation Department and others. In conjunction with the American Legion annual Memorial Day Ceremony honoring the war dead of the Bureau, the FBIRA placed a floral wreath beneath the plaque in the Director's Reception Room for the purpose of honoring the Bureau's service martyrs.

PURCHASING SERVICES

During 1961 FBIRA obtained 2,000 National Geographic magazines and 5,000 reprints of the June issue containing the FBI story. These were purchased at discount for FBIRA members.

Also during 1961, 800 copies of the record, "Notify the FBI," were obtained at discount for distribution to interested members of our Recreation association.

INVESTIGATOR

The FBIRA sponsors and underwrites publication of the FBI employees' magazine, "The Investigator." This magazine is issued monthly and it is used to communicate news of the wide range of activities affecting Bureau personnel, including such categories as social affairs, anniversaries, personnel changes, births and deaths, etc. A number of outstanding features were published during 1961, including five articles written by Bureau employees in recognition of the "Civil War

Centennial, " a story on NASA Exploration, the 20th anniversary of Pearl Harbor and the 30th anniversary of the FBIRA. The Feminine Slant section of the magazine was expanded considerably during the year and a number of favorable comments were received concerning the colorful portrayal of activities of women in the FBI. Suggestions for improving the publication have been solicited from all field offices and replies are expected by 1/30/62. These will be carefully analyzed with a view towards adopting any worthwhile ideas.

BASEBALL

The FBIRA varsity baseball team placed second in the Washington Industrial League. The Silver Hill Sand and Gravel Team which won the Industrial League went on to win the All American Amateur Baseball Tournament at Zanesville, Ohio. This is the same tournament won by the FBIRA team in 1960. In competition with area service teams, the varsity baseball team won eight out of nine games.

The Intramural Baseball League completed another highly successful year with the "Gents" again becoming league champions for the second consecutive year. Competition commenced on 4/29/61 and ended with the final game of the play-offs on 9/19/61. During this period, approximately 116 employees comprising eight teams representing the various divisions and sections at the Seat of Government participated with four games being scheduled every Saturday. Each team played the other team twice for a total of 14 games during the regular season, following which the top four teams percentage wise engaged in the best two out of three play-offs with the number one team playing the number three team; the number two team playing the number four team and the two winners playing for the championship. Although the "Rebels" won the league championship with a 12-2 record and were followed by the "Gents" with a 9-5 record, the "Rebels" were defeated in two straight games by the third place "Cats" who in turn lost two straight games to the "Gents" who had defeated the "Knights" 2-1. This indicates the spirit of competition and balance of the league and the keen interest that was maintained until final results were known.

BASKETBALL

The FBIRA Men's Varsity Basketball Team enjoyed its finest season in many years. After a slow start in winning only five of its first eleven games, the team went on to win 20 of the last 25 games to post a final record of 25 wins vs. 11 losses. The Varsity won the McKinley Tech Number 2 Industrial League championship with a 10-1 record and placed third in the District of Columbia championship play-offs.

With no one great star, the accomplishments that the Varsity team achieved this year were because of the great team effort that was put forth. Five men averaged more than ten points per game and the team as a whole averaged 70.5 points per game while holding its opponents to a 62.2 points per game. Although players on opposing team reached the heights of 6' 7" and 6' 8", the tallest player on the Varsity was 6' 2 1/2".

The FBIRA Men's Intramural Basketball championship for the 1960-1961 season was won by the Identification Division "Rockets." Thirteen teams participated in the intramural program, these being divided into two leagues - the American, consisting of seven teams, and the National, consisting of six teams. After a play-off, the National League was won by the Washington Field Office "Fielders." In the American League, the Identification Division "Rockets" outplayed all opposition in posting an undefeated season with a 14-0 record. When the winners of the two leagues met to determine the intramural champion, the "Rockets" achieved it's fifteenth win. Although both the "Rockets" and the "Fielders" were entered in the D. C. Recreation Department's "B" tournament, both teams were defeated in the first round of play.

The FBIRA Girls' Varsity Basketball Team placed second in the D. C. Recreation Department's Class "B" tournament during the 1960-1961 season. As a result, the team was awarded the runner-up trophy.

BOWLING

The 1960-1961 season closed with four duckpin leagues, three tenpin leagues and one duckpin team having been sponsored by the FBIRA. Latter was entered in the Interagency Men's Major Bowling League. It is estimated that approximately 400 employees participated each week in bowling activities in the Washington area. This included a league made up partially of bowlers from the Washington Field Office.

At the end of the league bowling season, the tenth annual duckpin bowling tournament was held at which time the first and second place teams from the various duckpin leagues competed for the "J. Edgar Hoover Trophy." The team known as the "Pin Poppers" comprised of bowlers from the Washington Field Office won the tournament.

The three tenpin leagues enjoyed a very prosperous season and undoubtedly in time will surpass in number the employees participating in duckpin bowling. Many of the teams in both leagues (duckpin and tenpin) were mixed and

individual prizes were given for accomplishments by both sexes.

The newly formed men's duckpin team which represented the Bureau in the Interagency Men's Major Bowling League finished only one game out of first place after 39 weeks of high-class competition. SA Charles Beall of the Washington Field Office finished the season with a high average of 122+. Maurice F. Rowe, Administrative Division, had high set for the league (449) and also had third high game for the league (177). The team as a whole finished the season with a high average of 587.

Bowling has continued to be one of the most popular sports in which a large number of employees can participate.

GOLF

The FBIRA did not sponsor a golf program during 1961 because of an incident which arose regarding the Federal Golf Association. In April, 1961, the Patent Office withdrew from the Association after two Negroes were refused membership. An Association spokesman pointed out that interagency golf competition is held throughout the summer at segregated private clubs in the suburbs of Washington.

Following the withdrawal action of the Patent Office, President Kennedy issued a strict order 4/20/61 that no executive department or agency should permit its "name, sponsorship, facilities or activity" to be used in connection with any recreational group practicing discrimination. All department and agency heads were ordered to check on their current practices. In issuing his memo, the President repeated his earlier statement that "It is the policy of the Executive Branch of the Government to encourage by positive measures equal opportunity for all qualified persons within the Government."

The Federal Golf Association conducted a poll of its members with regard to future membership policy. The poll disclosed that a majority of approximately 2 to 1 of the members desired to restrict membership to individuals believed acceptable to the private golf clubs where most of the Association's events were played. In other words, the Association elected to remain a segregated organization, thus precluding the participation of any FBIRA sponsored teams.

Consideration was given to having a golf field day exclusively for FBIRA members. Because of the expense involved in promoting such an activity and also the unfavorable publicity which might result because of the Federal Golf Association incident, the officers and directors of the FBIRA voted against a golf field day.

SOFTBALL

Intramural softball had a very active program during 1961. The FBIRA sponsored a total of 21 teams representing 11 men's teams and 10 women's teams. The men's teams were divided into two leagues with seven on the day force and four on the night force. The ten teams for women were divided into three leagues, two day force and one night force. Two day force teams were further divided into Justice League and the Ident League.

Competition was exceedingly keen with the Bureau championship being won by men of the Technical Section, Identification Division, and the women of the Fingerprint Correspondence Section, Identification Division. Both of these teams were eliminated in the D. C. Recreation Department's Industrial League play-offs.

Approximately 400 employees participated in the softball program.

TENNIS

During 1961 the FBIRA sponsored doubles team competition for approximately 60 women and 50 men. Employees of the Administrative Division won the Women's Team Trophy and employees of the Washington Field Office won the Men's Team Trophy.

A singles tournament was also sponsored for men and women of the FBI. Again first honors went to the Administrative Division and the Washington Field Office. Two employees in the Washington Field Office won the men's doubles tournament there being no women's doubles tournament because a sufficient number of females were not interested.

TOUCH FOOTBALL

Five teams representing 170 employees participated in the 1961 FBIRA Intra-Bureau Football League. The "Colts" won the championship and entered the Washington City-wide Tournament sponsored by District of Columbia Recreation Association. In the final game, the "Colts" were defeated by the Government Printing Office which won the city championship.

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

- Rate items as follows:
- + Outstanding (exceeding excellent and deserving of special commendation).
 - E Excellent.
 - ✓ Satisfactory (good or very good).
 - Unsatisfactory.
 - No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

1. "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
2. "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - A. Any element rated "Unsatisfactory" must be supported by narrative comments.
 - B. An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

Again in August, 1961, the Director through Mr. Evans commended Mr. Cleveland, together with certain other personnel, for their wholehearted cooperativeness and for doing an excellent job in the relocation of the Special Investigative Division. By letter dated October 20, 1961, to Mr. Cleveland, the Director commended him for the excellent fashion in which he had carried out his supervisory responsibilities relative to the investigation of a number of Bureau cases.

During the rating period, Mr. Cleveland continued his active participation as a member of the Board of Directors of the Federal Bureau of Investigation Recreation Association. By letter to Mr. Cleveland dated January 10, 1962, the Director noted that Mr. Cleveland had discharged his responsibilities in a most effective manner as a member of the Board of Directors of the Federal Bureau of Investigation Recreation Association.

Dear Mr. Hoover:

I want to express my appreciation for your letter dated May 11, 1962, advising that I had been awarded an Outstanding performance rating, and enclosing a check for \$246.

I find it most difficult to find words to express my pleasure at having received such a rating. At the same time, I am completely aware that such an award would not have been possible without the fine work done by members of the Employees Security and Special Inquiry Section during the rating period. I feel, therefore, that they, as well as Bureau officials who have given me valuable guidance, have made this award possible.

I will extend every effort to try to live up to the commendatory remarks contained in your communication.

Sincerely,

William V. Cleveland

There is attached an airtel from the Washington Field Office showing that the above girls appeared in Municipal Court on May 17, 1962, as witnesses in connection with the arrest of [redacted] on 5/16/62 by the Metropolitan Police Department for indecent exposure. [redacted] was charged on two counts in violation of Title 22, DCC, Section 1112 (lewd, indecent and obscene acts). He pleaded guilty and was sentenced to 60 days on each count for a total of 120 days in D. C. Jail. It was not necessary for the above employees to testify.

As pointed out in my memorandum of May 17, 1962, it was apparent that the fine looking FBI girls who appeared in court ready to testify had considerable bearing on the defense attorney quickly counseling [redacted] to enter a plea of guilty. These girls handled themselves very well in connection with this entire matter.

When [redacted] reappeared in the Justice Building about 1 p.m. on May 16, 1962, and was positively identified by two of the girls who had seen him previously, the writer asked SAs Walter M. Morris and O. Eugene Coleman to accompany him and [redacted] was brought to the writer's office. After preliminary questioning by all three SAs, [redacted] and [redacted] continued to question [redacted] while the writer proceeded with arrangements with the building guards, GSA Compliance Officer and Metropolitan Police Department officers. One of the girls accompanied Officer [redacted] of the Metropolitan Police Department to Corporation Counsel's office where a warrant was obtained. Meanwhile, the writer arranged for each of the girls to view [redacted]

ACTION:

In view of the fine manner in which the above girls conducted themselves throughout, it is recommended that each be commended.

ADDENDUM: BY ASSISTANT DIRECTOR EVANS: CHS:dlb 5-21-62

The quick action and alertness displayed by the employees in the Employees Security and Special Inquiry Section resulted in taking out of circulation a dangerous sex problem. Immediately upon being advised by female employees in his section, Section Chief Cleveland placed in motion arrangements for all employees in his section to be alert for the possible return of this sex offender. Based on this alertness, the sex offender, who returned to the Justice Building, was apprehended by Section Chief Cleveland and Number One Men O. E. Coleman and W. M. Morris. These men not only took immediate action to have Cash identified by the female employees but followed through in questioning him and insisting that action be taken by local police to arrest him.

The alertness and follow-through activities by Cleveland, Coleman and Morris to insure that this offender was properly charged and brought to trial is believed worthy of recognition. It is, therefore, recommended that in addition to the young ladies mentioned above, these three supervisory personnel also receive letters of commendation.

Dear Mr. Hoover:

After reading Jack Levine's article in "The Nation" I could not help but be shocked at how far this individual will go in his obvious efforts to discredit you and the FBI.

Unfortunately, only those few who know the true facts will recognize Levine's ignorance of history when he indicates that the Communist Party does not create a "threat from within." He admits that the Communist Party was a "source of great concern" in the 1930's and 1940's, but persons of his ilk screamed just as loud then about our "persecutions" of the poor Communist Party as he does now.

Levine's statement that informed sources within the FBI consider that the Communist Party "no longer represents a threat to our national security" would only be correct if he said "uninformed sources." Levine is completely wrong and misleading when he outlines the various techniques utilized by the FBI to identify members of the Communist Party. He states that any one of a number of items is usually enough to identify a person as a security risk barring him from Government service. Actually, the FBI's investigations under the Federal Employee Security Program have resulted in only two applicants and one employee being barred or dismissed from Government service as a result of a security determination during the past two years.

Levine's discussion of "Operation Dragnet," his numbered Party, his disclosure of alleged highly classified Bureau memoranda and his discussion regarding informants on the highest level, even pinpointing one placed in the Party to act as a security officer, are extremely damaging to the national defense and sound as though they constitute violations of the Espionage Statutes.

The most disturbing portion of Levine's article, to me, is his statements regarding your policy decisions and "exaggerations" of the "threat from within." They disregard all semblance of fact and are the type of mouthings that might be expected from a very bitter, small, spoiled and vindictive child. He again shows complete ignorance by claiming you only recently cautioned the public regarding reckless charges against individuals because it is well known that you have warned against the very things he talks about for many many years.

Admittedly, I do not know all the circumstances and ramifications of the Levine matter. I do know, however, the thought, planning, initiative and good old-fashioned hard work that went into developing information of the type referred to in Levine's article, over a long period of years. I hate to see him or anyone else try to destroy this with a poison pen. On the basis of his article in "The Nation" alone, it would certainly appear that there should be grounds for prosecution and that he should be prosecuted to the fullest extent of the law, provided such could be done without making him another Morton Sobell-type martyr.

Sincerely,

William V. Cleveland

Mr. John Edgar Hoover

Dear Mr. Hoover:

I attended a lecture at the Central Methodist Church, Arlington, Virginia, on Sunday, February 3, 1963, at which time Mr. William V. Cleveland made introductory remarks favorable to your recent book, "A Study of Communism" and Special Agent Bernard L. Huelskamp spoke on the "History and Theory of Communism." I thought you would like to know that Mr. Huelskamp presented this complicated subject in a simple, straightforward manner and made an excellent appearance. The Bureau was ably represented and the subject matter well handled.

I feel the performance of both Mr. Cleveland and Mr. Huelskamp on Sunday evening contributed to the climate of good will which the Bureau enjoys as a result of your leadership.

Executive Vice President

Dear Mr. Mount:

It was certainly thoughtful of you to write on February 26th concerning the program moderated by Mr. William V. Cleveland on four consecutive Sunday nights at the Central Methodist Church of Arlington. I was glad to learn that the remarks of Messrs. Huelskamp, Baumgardner, Sullivan and Sizoo were so well received, and you may be sure it was a pleasure to designate them to fulfill these engagements. They, along with Mr. Cleveland, enjoyed participating in this program and appreciate, as I do, your very kind comments.

I am sending you, under separate cover, a copy of my book, "A Study of Communism," which I have autographed to you.

Sincerely yours,

Mr. J. Edgar Hoover, Director

Dear Mr. Hoover:

I wish to compliment five members of your staff on the excellent program "Christianity and Communism". This subject was discussed four consecutive Sunday nights at my church, Central Methodist of Arlington. The men who spoke were Bernard L. Huelskamp, Fred J. Baumgardner, William C. Sullivan and Joseph A. Sizoo and the entire program was moderated by William V. Cleveland. It was informative, inspiring and provocative. I feel that the several hundred people who heard the talks are in a much better position to recognize and fight Communism in this great nation.

I realize these men spent a tremendous amount of time preparing their programs and that they used their Sunday nights to bring the messages to us. This, in my opinion, is beyond the call of duty. Bill Cleveland, a member of our church, did an excellent job in engineering and advertising these programs.

My compliments to you, Sir, for operating a most efficient and effective organization.

Sincerely,

H. Paul Mount

Mr. John Edgar Hoover
Director

Dear Mr. Hoover:

You were kind enough to approve a series of four lectures during the month of February at the Central Methodist Church on the subject of Christianity and Communism. The writer was in charge of each of these meetings as church lay leader.

I am happy to advise that each of these meetings, which were held on Sunday evenings, was extremely well attended. Supervisor Bernard L. Huelskamp talked on "History and Theory of Communism"; Section Chief Fred J. Baumgardner talked on "Communist Operations in the United States"; Assistant Director William C. Sullivan talked on "Communism and Christianity--Irreconcilable"; and Inspector Joseph A. Sizoo was the final speaker and talked on "What Church Members Can Do to Oppose Communism in Local Communities." Each of these talks was extremely well presented and enthusiastically received by the large crowd in attendance. During the final talk, Inspector Sizoo presented to Reverend W. W. Hayzlett a copy of your book "A Study of Communism" from the four Bureau representatives as a gesture of good will.

Other churches in the Arlington-Falls Church area were invited to have representatives at these meetings, and on one evening 28 different churches were represented. Many favorable comments have been heard by the writer from those in attendance at these meetings along the lines that this type thing is exactly what is most needed, since an informed public should cut down immensely on those who blindly fall for the communist line. At the end of the last lecture Reverend Hayzlett told those in attendance, "We're glad there are such fine men standing between us and the menace of communism."

The membership of the Central Methodist Church has asked me to express their heartfelt thanks for your having made such fine speakers available to them.

Sincerely,

[Handwritten signature]
William V. Cleveland

Dear Mr. Hoover:

It has been our good pleasure to have had four outstanding men from the Bureau as speakers in our church the four Sunday nights of this month. Our general subject was Christianity and Communism. I am sure that you will be interested to know that we have had people from all faiths present for these meetings and averaged over two hundred in attendance. The subject matter was very interesting, the talks well organized, the four men were truly outstanding in personality and in their ability to put across their message.

I think it should be a matter of encouragement to you to know that the average citizen in our country, while not aware of the insidious way that Communism works, nevertheless is interested in finding out more about the subject and how he might combat it. We are grateful for the sense of security that comes by knowing that you and the men of your Bureau are on constant guard and stand as a shield between us and this menace to our way of life.

Again I cannot speak too highly of Special Agents Bernard L. Huelskamp and Fred J. Baumgardner, Inspector Joseph A. Sizoo as well as Assistant Director William C. Sullivan. Then I wish to add a word of commendation for our Lay Leader, William V. Cleveland, who presided at these meetings and was instrumental in bringing this worthwhile program to our church.

Thanking you again for making these men available to us,
I remain,

Sincerely yours,

Woodrow W. Hayzlett

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee William V. ClevelandTitle Section Chief, GS-16Rating Period: from 4/1/62 to 3/31/63

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared. Rate items as follows:

- + Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
- Unsatisfactory.
O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

OUTSTANDING ANNUAL PERFORMANCE RATINGS

There are attached for approval the annual reports for Messrs. Scatterday, McAndrews, McGrath and Cleveland in which their services have been rated Outstanding for the period 4-1-62 through 3-31-63. No severe administrative action has been taken against them during the rating period and their overtime has been satisfactory during the past year.

It is respectfully requested that these ratings be approved and that you, as the Director's Alternate on the Efficiency Awards Committee, sign both the original and copy of each as Approving Official. Upon receipt of all ratings from the Seat of Government and the field, these and other Outstanding ratings will be transmitted to the Department for approval by the Efficiency Awards Committee.

Messrs. Scatterday, McAndrews, McGrath and Cleveland will then be entitled to cash incentive awards in the amount of \$400 as has been approved in the past for agents in Grade GS 16 or for a Quality Increase in salary of \$500 payable during a 52-week period. Messrs. Scatterday, McAndrews and McGrath are not at the top of their grades and not in line for grade promotion thus the Quality Increase would be of more benefit to them at this time. Inasmuch as Mr. Cleveland is at the top of his grade and therefore not eligible to receive a Quality Increase he can only be granted the lump sum award.

RECOMMENDATION:

That you, as Approving Official, sign the original and copy of each of the attached Outstanding ratings and upon approval by the Department these men be furnished copies of their ratings and Messrs. Scatterday, McAndrews and McGrath be approved for Quality Salary Increases and Mr. Cleveland for an incentive award of \$400.

TO : Mr. Evans

DATE: 6-10-63

FROM : W. V. Cleveland
President, FBIRASUBJECT: FBIRA FIELD DAY AND PICNIC
QUANTICO, VIRGINIA
SATURDAY, JUNE 8, 1963R/P Beaver
ctp

W. V. Cleveland

The FBIRA Field Day and Picnic was held as scheduled last Saturday on the FBI ranges at Quantico. Despite a steady drizzle during the first hour of the picnic, the weather cleared at about 11:00 a.m. and the entire program went off as scheduled. Despite the inclement weather in the morning it now appears that almost as many tickets were sold this year as last year and that a small profit will be realized, which money will be turned over to the FBIRA treasury.

The program of events included the crowning of a Queen, a demonstration by the Metropolitan Police Department Canine Corps, Marine Flag Pageant and Demonstration and a fine FBI firearms demonstration. Kena Temple clowns were on hand and at one part in the program distributed balloons and lollipops to all the youngsters. SAC Sloan and Supervisor in Charge of firearms training Zeiss did an outstanding job running the program and it was extremely well received.

Almost an hour after the program started, Major General R. K. Rottet, Acting Commandant, arrived and in the absence of Lieutenant General E. W. Snedeker, who was out of town, asked the writer whether or not he had missed our firearms demonstration. When the instructors at Quantico put on their demonstration General Rottet was obviously impressed and appeared to enjoy this portion of the program more than all the rest.

As always a lot of good old fashion hard work went into making this affair a success and those who shouldered this responsibility are as follows:

Henr R. J. Gallagher, Activity Promoter; Basil G. L. Pettit, General Chairman; SAC Sloan and his staff; Supervisor in charge of firearms training George A. Zeiss III; Donald R. Roderick, Vice President of the FBIRA, Treasurer of the affair; Supervisor Edwin M. Holroyd, in charge of physical arrangements; T. C. Whitcomb, Jr., games, prizes and awards; Mrs. Carl Mumford, posters, signs, tickets, etc.; Supervisor Robert W. McCaslin, Ticket Chairman;

2. SAC Sloan is submitting a separate memorandum recommending letters of appreciation for those who so ably assisted in connection with this event.

3. A separate memorandum will be submitted as soon as there is a final accounting of ticket sales. (It now appears the ticket sales will exceed \$1,000, which means that over 4000 tickets were sold.) The close-out meeting concerning captioned postaudit was held with the three Civil Service Commission (CSC) inspectors involved in Mr. Mohr's Office on 11-6-63, and the purpose of this memorandum is to outline the results of the postaudit as reported by them at the meeting. The auditors were [redacted] chief of the audit who did not actively participate; [redacted] senior of the two-man participating team; and [redacted]. The audit involved interviews with 16 Assistant Directors or Section Chiefs in order to get their over-all views on, participation in, etc. the Bureau's position classification program and a study of a sampling of 93 position descriptions in the Position Classification Office (PCO) and consultation thereon with PCO representatives. This position description review in PCO was in lieu of heretofore usual on-site desk audits.

The review of the audit presented by [redacted] was most complimentary to the Bureau and she said it was a pleasure working with Bureau personnel and for them to inspect an organization where everything was so uniformly businesslike and efficient. They were most appreciative of the help and assistance rendered, and the following summarizes her comments on what they looked into. Based on the interviews with officials, praise was high on how well informed management is on position classification matters and extent to which position descriptions are utilized for effective management. They were very much impressed with the officials. (As an aside it should be noted that in connection with briefing the officials, they were very interested, cooperative, and determined to carry off the interview to the Bureau's advantage which they did (enclosure lists the officials.))

Of the 93 positions sampled, the auditors had questions on 52 on 40 of which they desired to know basis for GS grade. This dictated our assigning the individual questions to PCO Classifiers to work up the Bureau's position and present same to the appropriate auditor. All questions as to grade level were satisfactorily resolved with the auditors. Mrs. Johnson said it was obvious the Classifiers had sound knowledge of CSC position classification standards, knew how to apply them, were intimately familiar with the positions involved and their scope and relationship to the organization involved, and had a positive approach. She said the quality of the presentations and

Impressions conveyed by the Classifiers allowed the auditors to rely heavily on the Classifiers in areas where judgmental factors were significant to the extent that on-site desk audits were obviated. She said the Classifiers do "a real professional job." The written CSC report will show some changes such as in title and series but none objectionable to the Bureau. Mrs. Johnson pointed out the changes do not necessarily stem from heretofore inappropriate titles and series, but express evolution of CSC thinking.

[redacted] remarked they were impressed with the fact that wherever they went morale seemed to be high and employees very enthusiastic. They enjoyed and expressed appreciation for tour of the Bureau participated in by Assistant Director Conrad and Section Chiefs William D. Griffith and Roy H. Jevons; the tour at Quantico directed by SAC Sloan; and the National Academy Graduation for which special and excellent seats were arranged by the Training Division. The three auditors agreed they sincerely wished all of their close-out meetings were as pleasant as this one.

RECOMMENDATIONS:

1. That individual letters of commendation be sent to the PCO Classifiers who contributed so significantly to the success of the audit through their individual presentations. They are PCO Clerical Supervisor [redacted] who directed preparation of all presentations and sat in on almost all of them, [redacted] Assistant Supervisor, and Classifiers [redacted] [redacted] [redacted] [redacted] and [redacted]

2. That three PCO employees who handled clerical and typing work be sent individual letters for their contribution. 3. That SA R. 4. That copies of this memorandum be placed in the personnel files of the 16 officials interviewed as shown on enclosure for their contribution.

5. That in view of the splendid relationship developed with the three auditors and their approach and the prospect that we will be calling upon them for advisory opinions on PCO matters in the future, they each be presented with a copy of "The FBI Story" autographed by the Director. If approved, the three books will be sent up separately for autographing.

With the calendar year drawing to a close on FBIRA activities, a review has been made to make certain that good work done by various individuals throughout the year is appropriately recognized. In addition to letters of commendation recommended in a previous memorandum dated December 6, 1963, it is felt that the following should also be commended:

Richard J. Gallagher, Activity Promoter for the year, who has done a truly outstanding job.

John W. O'Beirne, Assistant Activity Promoter, who personally handled the many details in connection with the two New York trips, and who has spent considerable time working out details for the basketball team, the discount book, etc.

(checked on file)
G. L. Rogers, Treasurer, who has done considerably extra work in familiarizing himself with his new duties as Treasurer of the FBIRA, and who has done a fine job. He had the added job this year of keeping track of over \$60,000 in funds in connection with the European tour.

Donald R. Roderick, Vice President, who has acted in the absence of the President, handled the accounting and financial records in connection with the Annual Picnic and Field Day, and who on one occasion canceled a trip to Florida in order to be present for an FBIRA activity in the absence of the President.

Robert B. Marsden, who has continued to do a fine job in storing and dispensing FBIRA TV sets to hospitalized employees. To the writer's knowledge he has been called on weekends and holidays to arrange for the sets and has always been most cooperative.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee William V. ClevelandTitle Section Chief, GS-16Rating Period: from 4/1/63 to 3/31/64

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

Rate items as follows:

- + Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
= Unsatisfactory.
O No opportunity to appraise performance during rating period.

Guide for determining adjective rating:

- "Outstanding" adjective rating requires (A) that all rated elements be "+" and (B) that each and every rated element be factually justified by narrative detail on reverse of Form FD-185.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An "official" adjective rating of "Unsatisfactory" must comply with the requirements described on the reverse of form FD-185.

PART I GENERAL COMMENTS

During the past year, Mr. Cleveland has continued as Section Chief of the Employees Security and Special Inquiry Section in the Special Investigative Division. Mr. Cleveland also has handled the duties of the Number One Man of the Division on occasion and has assisted from time to time in the office of Assistant to the Director Belmont.

Mr. Cleveland is a competent, experienced and loyal Bureau administrator whose interest, enthusiasm and attitude remain outstanding at all times. His success in developing and maintaining friends and contacts both in and out of the Government contributes greatly to the Bureau's work. He is well-qualified to handle the more complicated Bureau cases, as well as to participate in or lead raids and other dangerous assignments.

Due to the nature of the work under Mr. Cleveland's supervision, it must be complete and accurate in all respects. Mr. Cleveland maintains an aggressive, exceptionally well-organized and logical program under which the heavy volume of work in his section is completed on a most expeditious basis. Mr. Cleveland is an enthusiastic leader who has no hesitancy in assuming responsibility, exercising his own judgment and taking the necessary action to complete the job.

By letter dated June 20, 1963, the Director commended Mr. Cleveland and the personnel under his supervision for the excellent manner in which an investigation was directed and coordinated at the Seat of Government. The Director noted the thoroughness, resourcefulness and skill which the supervisors displayed were of the highest caliber. The Director also indicated he was impressed with Mr. Cleveland's competent over-all leadership shown in this case.

Mr. Cleveland has continued his active interest in personnel work in connection with the FBI Recreation Association. During the past year, his excellent efforts in this field were recognized by the

Director, and by letter dated December 20, 1963, the Director stated it was indeed a pleasure to commend Mr. Cleveland for the splendid manner in which he had discharged his myriad responsibilities as President of the FBI Recreation Association. The Director noted that Mr. Cleveland had demonstrated much enthusiasm and effectiveness and under his excellent leadership, a very successful year was realized.

The writer completed in-service training on Friday, May 1, 1964, and wanted to let you know that the courses offered in connection with this advanced in-service class were most beneficial.

In the past 25 years, since being charged with the responsibility for the internal security of this country, the Bureau has made great strides in this field. By the same token, the quality of training for advanced security Agents has likewise improved tremendously. All of the lecturers participating were thoroughly experienced in the topics assigned to them for discussion, and as a result were able to handle these topics in a most interesting and enlightening fashion.

The utilization of current pending cases as practice problems had the effect of keeping the class on the edge of their chairs and promoting and exchanging of ideas, which was participated in by all members of the class. The arrangements of the Training Division here at the Seat of Government, of the Domestic Intelligence Division who were responsible for the majority of the lectures and seminars, and Mr. Sloan and his staff at Quantico were all exceptionally fine.

ASSISTANT DIRECTOR EVANS: This write-up is being prepared on Mr. Cleveland as the Section Chief of the Employees Security and Special Inquiry Section. He has been serving in this capacity since February, 1961.

Mr. Cleveland is a thoroughly loyal, experienced and successful Bureau administrator both in the field and at the Seat of Government. As Section Chief of the Employees Security and Special Inquiry Section, he has under his supervision important programs which if not properly handled could result in direct criticism and embarrassment to the Bureau since the results of all investigations are disseminated to other governmental agencies, various congressional committees, as well as the White House. His organizational and liaison ability has been of great assistance in successfully carrying out the Bureau's responsibilities.

As Cleveland's file will reflect, his enthusiasm and interest extend to all phases of the Bureau's work and he is completely available and qualified for further advancement. His qualifications are rated as outstanding.

INSPECTOR H. L. EDWARDS:
(mbk 11-9-64)

Mr. Cleveland makes an excellent appearance, has an excellent personality, is within the weight standards and seems to have a thorough grasp of the importance of the work handled in his section. He has excellent leadership qualities. The inspection findings indicated some areas where marginal work load situations required close scrutiny to determine whether future consolidations of units and the release of personnel might be possible. One of the difficulties with the work in this section is its seasonal and variable fluctuations and this requires very close administrative attention which Mr. Cleveland seems to be giving it. The mail room operation for the division is under Mr. Cleveland's direction. The inspection indicated justification for consolidating 2 of the 3 separate mail room operations with a consequent saving of space which the Division will definitely need when the anticipated upswing in special inquiries and applicant investigations ensues. There was also developed during the inspection the possibility of streamlining some of the work of ordering applicant investigations and this was initiated on a trial basis. Considering the variety and magnitude of the work supervised in Mr. Cleveland's section, it is felt that the inspection findings fully warrant continuing him in his present capacity.

Dear Mr. Hoover:

I want to let you know how pleased I was to receive your letter dated October 26, 1964, together with an incentive award check representing an award of \$200.

I would be remiss if I did not tell you the fine commendatory remarks regarding the handling of this important Special Inquiry case apply fully to my associates who worked so hard and so long to get this job done. I have never seen a finer attitude displayed by any group working on a special of this type.

I want you to know also that this job could not have been done without the fine cooperation I received from my superiors, Assistant Director Evans and Assistant to the Director Belmont. They patiently assisted with problems as they arose all hours of the day and night. The same applies to Assistant Directors of other divisions at the Seat of Government with whom this project had to be closely coordinated. They went all out to furnish every possible assistance.

It is my hope that I will be able to continue to handle matters assigned as efficiently as possible, and you have my assurance that I will bend every effort to see that this is done.

Mr. Cleveland completes 25 years of FBI service on 12/26/64.
As noted on the attached memorandum, the Director has indicated he will not be here at that time and that I should handle the presentation of the letter and key.

Mr. Cleveland has respectfully requested that if the Director's time permits he would like very much to bring his wife and two sons in to see the Director in order to have a photograph made in recognition of this noteworthy occasion in his career. It is not important to Mr. Cleveland whether or not this is done on the day of his anniversary but could be at the Director's convenience sometime before or after 12/26/64.

In the event the Director decides to further consider this matter, he may wish to indicate a date and time when he might present Mr. Cleveland's 25-Year Service Award Letter and Key and to be photographed with Cleveland and his family.

Section Chief - Employees Security and Special Inquiry Section
Special Investigative Division
EOD 12-26-39 (Messenger); 7-6-42 (Special Agent)
GS-16, \$22,210

The following is a brief summary of Mr. Cleveland's record for the Director's use.

Mr. Cleveland completed 25 years of FBI service on 12-26-64, and at that time the Director indicated he would not be in Washington, D. C., to present Mr. Cleveland with his Service Award Key. In a memorandum dated 12-2-64, Mr. Gale advised that Mr. Cleveland had respectfully requested that if the Director's time permitted he would like very much to bring his wife and two sons in to see the Director in order to have a photograph made in recognition of this noteworthy occasion in his career. Mr. Gale stated it was not important to Mr. Cleveland whether or not this was done on the day of his anniversary but could be at the Director's convenience sometime before or after 12-26-64. The Director indicated on this memorandum that he would present Mr. Cleveland's Key and Congratulatory Letter to him on 1-4-65, and be photographed with Mr. Cleveland and his family.

Mr. Cleveland entered on duty on 12-26-39, in a clerical capacity and was appointed a Special Agent on 7-6-42. He has been assigned to the Seat of Government since 9-22-51, and is presently assigned to the Special Investigative Division as Section Chief of the Employees Security and Special Inquiry Section. He is in Grade GS-16, \$22,210 per annum, is 48 years of age, is married, and has 2 children.

On 3-31-64, his services were rated OUTSTANDING and in recognition of this rating he received an INCENTIVE AWARD on 4-24-64, in the amount of \$400.00. Since then he has received another INCENTIVE AWARD in the amount of \$200.00 for his outstanding services in the investigation of the Special Inquiry case concerning Walter Wilson Jenkins. He was last COMMENDED on 12-20-63, for the splendid manner in which he discharged his myriad responsibilities as President of the FBIRA during the past year. He was last CENSURED on 4-18-61, for delays in completing investigations and sending out summary reports in a number of Special Inquiry cases. Although a large volume of cases in this classification had been received, the delays were sources of possible criticism and embarrassment and he had not discharged his responsibilities as Section Chief with sufficient aggressiveness.

RE: SA William V. Cleveland
Special Investigative Division

His file reflects that the Director last saw him on 3-1-61, and at that time the Director stated he was a mature individual who seemed to be intensely interested in his work. The Director rated him above average.

On 12-26-59, he received the Bureau's Twenty-Year Service Award Key.

Mr. Cleveland's son, William V. Cleveland, Jr., was employed by the Bureau as a Summer Employee during the summers of 1959, 1960, 1961, and 1962. His services were rated Excellent. His brother, Charles Galloway Cleveland, was employed by the Bureau from 7-26-37, and was dismissed with prejudice on 6-18-54, in view of his conduct unbecoming a representative of the Bureau. He orally admitted drinking intoxicants during official working hours and thereafter sat in a Bureau car parked in a park because he did not dare to interview anyone. At the time of his dismissal he was a Special Agent in Grade GS-13, \$8360 per annum. His niece, [redacted] entered on duty on 9-29-47, and resigned 6-30-53. At the time of her resignation she was in Grade GS-4, \$3415 per annum and her title was Stenographer. Her services were satisfactory. His sister-in-law, [redacted] was employed as a Typist from 8-7-35 to 7-17-40, and his sister-in-law, [redacted] was employed as a Clerk-Typist from 1-19-42 to 12-14-45. The services of both were satisfactory.

In connection with the necessity to conduct very expeditious investigations over the past week end on six individuals employed by the Department of State who are being considered for Presidential appointment as Ambassadors, I noted that you readily devoted a great deal of your personal time and effort in meeting the very short deadlines in these cases. Not only were you able to meet the short deadlines, but the investigations as well as your summaries were of the highest quality.

I want you to know that I am most appreciative of the efficient and effective manner in which you handled this assignment.

There is attached for approval the annual report for Mr. Cleveland in which his services have been rated Outstanding for the period 4-1-64 to 3-31-65. This rating was submitted by Mr. Gale. During the current rating period, Mr. Cleveland was not the subject of any administrative action; however, on 4-24-64 he received a \$400 cash award in recognition of his 1964 Outstanding annual rating and on 10-26-64 received a \$200 cash award for his superior work in connection with the Walter Jenkins investigation. His overtime has been satisfactory.

In the event you approve this rating, it is respectfully requested that you, as the Director's Alternate on the Departmental Committee on Incentive Awards, sign both the original and the copy as the Approving Official. Thereafter it must be transmitted to the Department with other such ratings for approval by the Departmental Committee on Incentive Awards. Mr. Cleveland will then be entitled to a cash award of \$400 or a Quality Salary Increase of \$655 payable during a 52-week period. As he is not at the top of his grade, a Quality Salary Increase would be more beneficial to him at this time. An effective date for this increase will be fixed after all ratings on investigative personnel have been reviewed.

PERFORMANCE RATING GUIDE FOR INVESTIGATIVE PERSONNEL

(For use as attachment to Performance Rating Form No. FD-185)

Name of Employee William V. Cleveland Title Section Chief, GS-16
Rating Period: from 4/1/64 to 3/31/65

RATING GUIDE AND CHECK-LIST

Note: Only those items having pertinent bearing on employee's performance should be rated. All employees in same salary grade should be compared.

RATE ITEMS AS FOLLOWS:

- + Outstanding (exceeding excellent and deserving of special commendation).
E Excellent.
✓ Satisfactory (good or very good).
= Unsatisfactory.
O No opportunity to appraise performance during rating period.

Guide for determining objective ratings:

- "Outstanding" adjective rating requires (A) that all elements be + and (B) that each and every rated element be factually justified by narrative details, including reasons for considering each worthy of Special Commendation and be attached to FD-185a.
- "Excellent," "Satisfactory" or "Unsatisfactory" adjective ratings will depend upon the composite result of evaluating all rated elements rather than following any mechanical formulas; however, for an employee to be rated "Excellent" he must not be rated unsatisfactory on any performance evaluation factors on the rating guide and check-list and must be rated "Excellent" or "Outstanding" on the majority of such rating factors. Good judgment must be exercised to insure that adjective rating is reasonable in the light of elements rated.
 - Any element rated "Unsatisfactory" must be supported by narrative comments.
 - An official rating of "Unsatisfactory" must be supported in writing stating (1) wherein the performance is unsatisfactory, (2) the facts of the (90-day) prior warning, and (3) the efforts made after the warning to help the employee bring his performance up to a satisfactory level and must be attached to FD-185a.

**WILLIAM V. CLEVELAND
SECTION CHIEF, GS-16
EMPLOYEES SECURITY AND
SPECIAL INQUIRY SECTION
SPECIAL INVESTIGATIVE DIVISION**

Since the last annual performance rating, Mr. Cleveland has continued his assignment as Section Chief of the Employees Security and Special Inquiry Section in the Special Investigative Division. In addition, he continues to assist on occasion in the office of the Assistant to the Director, as well as in the front office of the Special Investigative Division.

Mr. Cleveland is exceptionally well qualified to handle the more complicated cases under the Bureau's jurisdiction, including those involving raids or other dangerous assignments.

During the past year, Mr. Cleveland has clearly demonstrated his ability to get the job done. His positive and aggressive leadership, together with his outstanding organizational ability, has enabled the Bureau to handle on a volume basis investigations concerning many prominent, and in some instances controversial, individuals in the shortest possible time and in a manner which reflects favorably upon the FBI.

The Director by letter dated October 26, 1964, commended Mr. Cleveland for his outstanding services in the investigation of an important Special Inquiry case. The Director stated he was pleased to note the superior fashion with which Mr. Cleveland handled his executive and administrative responsibilities in directing this most sensitive investigation. The Director further noted that working directly with his subordinates, Mr. Cleveland quickly and astutely resolved problems as they arose and issued succinct and proper instructions not only to the men in his section but also the field. He concluded that Mr. Cleveland could take justifiable pride in the high quality of his performance.

Due to the nature of the work under Mr. Cleveland's supervision, it is necessary that he contact other governmental agencies on a frequent basis. As a result of his personality and his thorough knowledge of the Bureau's work, Mr. Cleveland is highly successful in this phase of his duties.
